

FIREKILL™

by VID Fire-Kill ApS

MORE THAN JUST
FIRE PROTECTION

“VID Fire-Kill is a world leading innovative developer and manufacturer of water based firefighting products, specializing in fixed water based systems utilizing environmental friendly firefighting methods.”

We offer a large range of successfully tested and approved products matching our customer's individual requirements, and we always strive for the highest possible quality at all times.

All our products are unique, offering either a better performance, a better approval or a better solution than what is found on the market today.

With the advances in water mist fire protection technology and the continued addition of VID Fire-Kill products, approvals and covered applications, we form the spearhead of the fire protection industry.
